

Our key safe boxes, used for returning vehicle keys securely, can be wall or console mounted either singly or in stacked groups.

They provide the following benefits to users:

- Professional, high-quality image
- Low investment for good protection
- Safe feeling when depositing keys
- Appreciated by clients and employees
- Suitable for bunches of keys and key cards
- 24/7 deposit without waiting or time loss
- A solution for almost every situation
- Simple mechanics, simple operation
- Little to no maintenance, always works
- Extremely robust and extremely durable
- Can only be forced with massive brute force
- Recommended by insurance companies
- Fewer break-ins, fewer thefts
