

The dog vans have been designed to meet with local government requirements in combination with the RSPCA preferred options.

The standard features included

- GRP lined to allow them to be jet washed with drain feature
- Galvanised compartment doors and frames
- Privacy glass
- Cooling fans
- LED lighting
- Roof ventilation
- Dog pole holder
- Enviro hand wash unit
- Easy ground loading roof system

As with all vehicles conversions by FSL any specific requirements will be catered for.
